Custom Made Windows Available in Vinyl

Energy Shield offers its custom shaped windows made in vinyl. Why chose vinyl? In the past 10 years, vinyl has earned a reputation for its energy efficiency and durability. Vinyl stands up to hot Arizona summers and conforms to Federal Energy Codes. In fact, vinyl windows exceed Federal standards.

Vinyl provides many advantages:

- Doesn't blister, fade or peel

- High R values for maximum energy efficiency
- Never paint again
- Custom made to fit odd-sized windows in older homes
- Lower installed prices

Custom Shaped Windows

Picture windows are fixed glass windows that provide unobstructed views while allowing a large amount of light inside the house. They are often used in groups mullied together to create unique configurations and patterns. Transom windows are also fixed windows and are often used above doors and other windows to allow additional light inside the house. Geometric shapes are often used as accent windows to complement a specific architecture. Half Round, Quarter Round, Triangles, and Trapezoid can be tailored to your home for a unique look that is all your own.

- Always custom made
- unlimited shapes
- highest energy rating

Use your imagination. Energy Shield Windows and Doors offers shapes that you might not have considered.

- Full, half or quarter circle
- Rectangular, modified or equal modified
- Full or partial arched
- Full, gothic or partial springline
- Triangular, including isosceles, truncated or right
- Oval
- Multisided shapes, including hexagon, octagon or pentagon
- Window tops including full or partial chord and full or half elliptical

Grill Pattern Options

Energy Shield Windows and Doors offer a variety of grill patterns to match the style of your house. Removable grill patterns are affordable and convenient. Should you decide to change your décor, you can remove the grill patterns for a more contemporary feeling.

Here are a few choices of grill patterns:

- Colonial
- Diamond
- Farmhouse
- Perimeter Prairie
- Two over one
- Three over one

Many homeowners opt for no grill pattern if they have great views from their windows.

Glass Options

Choose from several options to fit your budget and your needs. Higher quality glass provides energy savings. Whether building a new home or replacing windows in a mid-century modern home, Energy Shield Windows and Doors offers custom-made windows to complete your project. Buy direct from the manufacturer. Cut out the middleman. Buy factory-direct. We manufacture to fit. We install, and we warranty our work and service after the sale.
